

*The Road Home 2009 Annual Report*

*Dear Friends of The Road Home,*

On behalf of our dedicated team at The Road Home, I want to thank you for your continued support. Enclosed you will find a copy of our annual report for the fiscal year. We provided compassionate, emergency shelter and services to those in need in our community. We have developed new and exciting programs to help individuals and families move more quickly out of homelessness and back into the community.

This year, The Road Home provided shelter to over 5,300 people in need, 650 of which were children in our family shelters. None of us here at the shelter will ever grow accustomed to the sight of families with young children, with all their belongings in tow, setting up their cots in the lobby of our family shelter. We must work together to eradicate this condition.

Our approach is to get clients into well-matched housing options as quickly as possible after they come to the shelter. We then work with them to help them sustain their new housing.

In this annual report, you'll see some of the services we provide, our greatest successes and challenges, and specific ways you can help. This year, for the first time, you will see a donation envelope enclosed. We are experiencing unprecedented demand at The Road Home and your support is greatly appreciated.

I pledge to you, our faithful supporters, that we will continue to advocate for lasting solutions for those facing homelessness. Please contact me with any questions, concerns, or interest in presentations on The Road Home. We hope that you'll come visit us in person and let us show you how we use the funds we are so fortunate to receive from our community.

Matthew Minkevitch, Executive Director

#### How long do people stay at The Road Home?

Families stay an average of **65 days** in the main family shelter.

Men stay an average of **22 days** in the men's self-sufficiency shelter.

Women stay an average of **20 days** in the women's self-sufficiency shelter.

**This year, The Road Home provided shelter to over 5,300 people in need, an 18% increase over last year. Our goal is to get individuals and families back into the community as quickly, efficiently, and in the most dignified manner as possible.**

**Our approach is to get clients into well-matched housing options as quickly as possible after they come to the shelter. We then work with them to help them sustain their new housing.**

**In this annual report, you'll see some of the services we provide, our greatest successes and challenges, and specific ways you can help. We hope that you'll come visit us in person and let us show you how we use the funds we are so fortunate to receive from our community.**

## Financial Summary

## *Central Intake and Assistance Office*

When someone in need walks through our doors, their road home begins with the Central Intake and Assistance Office. In a matter of minutes, this office matches each client with what they need, whether food, clothing, shelter, or social services.

### **Greatest success**

Serving 4,456 people, 37% more clients than last year.

### **Greatest challenges**

- Serving an ever-growing number of people with the same number of staff members.
- Critical shortages of blankets and common personal items.

### **How you can help**

- Donate common items like socks, clothing, sleeping bags, blankets, shoes, bus tokens, and personal hygiene products.
- Organize a community drive to collect items for The Road Home.

### ***Donations***

We are always in need of:

Blankets

Bedding (Especially twin size)

Personal hygiene items

Socks and clothing

To learn more, please contact us at 801-359-4142

## *Year Round Shelter*

Each night, more people are turning to The Road Home for shelter. We meet this need through a variety of programs you can read about in this report. This past year, our year round shelter provided the following:

**220,434 nights of shelter to 3,064 individuals including;**

**1,815 men**

**376 women**

**144 families**

### **Greatest Success**

Giving shelter to so many people. Just with families, we have seen an increase of 124% over two years ago.

### **Greatest Challenge**

Accommodating the large increase in the number of people seeking shelter.

### **How you can help**

Invite a member of our Speakers Bureau to give a talk about homelessness in Salt Lake City to your club, business, school, or church group.

## Seasonal Shelter

The need for services we provide increases when the weather turns cold. From November to April, The Road Home operates the Community Winter Shelter, which provides a warm, safe place to stay for those on our year round shelter's waiting list.

This past year our Community Winter Shelter provided the following:

220,434 nights of shelter to 3,064 individuals including;

1,815 men

450 women

276 families

### Greatest Success

Being able to give shelter to every family who turned to the Community Winter Shelter last year.

### Greatest Challenge

Meeting the needs of the increasing number of families that came to the Community Winter Shelter, due to a slow economy. We expect to see even more families and individuals staying there this year.

### How you can help

Only through generous financial contributions like yours can we continue this program. Join our efforts to provide additional shelter during the winter months for hundreds of men, women, and families.

**Show your support for the Community Winter Shelter  
by donating online at [www.theroadhome.org](http://www.theroadhome.org).**

## Self-Sufficiency and Special Needs

Some individuals and families face a harder road from the shelter to housing, due to debt, low income, medical and mental illness, and more. This program helps those individuals work with an in-house group of case managers to address these challenges.

### Greatest challenge

Overcoming the lack of appropriate, safe, and affordable housing. Housing options for single men and women are even more scarce than housing options for families.

### Greatest success

The willingness of landlords to work with our clients in approving them for apartments and working with them on deposits and application fees.

### How you can help

Meet our staff. Take a tour of our shelter and we can tell you more about the current housing climate and the services we provide. The more aware the community is of what we do, the more people we can help.

**To schedule a tour please contact our Development Office at 801-359-4142.**

### Success Story: Sara

Sara came to The Road Home seeking shelter and a new beginning. When she arrived, she was unemployed and unable to work because she did not have any form of identification. Case managers in our Central Intake and Assistance Office gave her a bed in our Emergency Shelter and began the process of obtaining an identification card.

Putting together the documentation for the card proved very challenging, but our case managers worked to make it happen. Since getting her ID card, Sara has been employed full time, and is working hard to get back on her feet. She is still staying in the shelter but is now in our Woman's Self Sufficiency program.

## Children's Programs

Homelessness is hardest on children. Last year, 650 children came through our family shelters. The Road Home works with local agencies to provide structured educational and recreational programs and to create a stress-free environment for the children living in the shelter.

### Greatest success

Helping our youngest residents through the successful collaboration among The Road Home, the YMCA of Greater Salt Lake, Washington School, and Global Artways. Watching the way the kids' faces light up whenever the volunteers show up. Tons of hugs are a guarantee!

### Greatest challenge

Developing a strong program for teens. Finding resources and activities for teens that will give them growth and learning opportunities and also spark their interest.

### How you can help

Each holiday season, The Road Home participates in the Candy Cane Corner Holiday Store. Through this program, clients can choose holiday gifts for their children, wrap them, and take them back to the shelter or home for Christmas morning.

Candy Cane Corner would not be possible without the generosity of our donors. With your help we can provide a happy holiday for families overcoming homelessness.

Please donate new, unwrapped items for all ages at The Road Home.

### Success Story: Children

We're thrilled at our new working relationship with Spy Hop productions. A non-profit media arts and education center for youth, Spy Hop has recently started working with our teens from the shelter at no cost.

## Volunteer Program

The work of The Road Home would not be possible without an army of committed, talented volunteers. Approximately 200 volunteers each month assist The Road Home in vital endeavors, including one-time and group projects and ongoing programs.

### Greatest successes

- The dedication, compassion, and leadership our volunteers have shown as they organized and planned activities to accommodate the extra number of children that we have seen.
- The increase in support from the community. In the past year, our volunteer numbers increased by 13% and the hours they contributed increased by 32%!

### Greatest challenge

Over this past year, we have seen a dramatic increase in the number of individuals we serve annually. This has been especially true with our family members. Meeting this increase has been challenging for our volunteer staff, especially volunteers in our children's programs.

### How you can help

Volunteer.

- Help out in the playroom.
- Provide meals and activities.
- Assist at the front desk.
- Collect much-needed items.
- Help with fund-raising events, and much more.

Join The Road Home's volunteer team today! Please contact Ashley Farmer, our Volunteer Coordinator, at 801-819-7298 or [afarmer@theroadhome.org](mailto:afarmer@theroadhome.org).

## Palmer Court

In June 2009, Palmer Court, a new permanent supportive housing development, was completed. Now filled to capacity, Palmer Court has 201 affordable studio, 1 bedroom and 2 bedroom apartments for families and individuals emerging from homelessness.

### Greatest Accomplishment

Housing families and individuals at Palmer Court who had consumed a total of nearly 300 years of shelter prior to moving out.

### Greatest Challenge

Leasing 90 apartments prior to the closing of winter shelter and completing full lease up by mid-August 2009.

### How you can help

Palmer Court is always in need of volunteers to help with programs and to help residents.

To volunteer at Palmer Court, please call 801-505-7662.

### Success Story: Susan

Susan, a single mother with a two-year-old daughter, checked into The Road Home's family shelter when she was seven months pregnant with her second child. Her high-risk pregnancy forced Susan had to spend most of her time in bed. When her baby came early and unexpectedly, we were able to quickly get her into a temporary apartment.

Susan was thrilled to move her daughter and newborn baby into their new home. They lived there for over a year and then decided to move into Palmer Court on a permanent housing voucher. Her daughter is enrolled in Head Start and Susan has been working part time through a DWS placement. A case of perfect timing!

## Housing Placement and Supportive Services

The Road Home works hard to match clients with the best Housing Placement and Supportive Services option as quickly as possible. We then work with our clients to help them sustain their new housing.

### Greatest Accomplishments

Helping 437 families and individuals move into long-term housing last year. This includes 262 (444 individuals) households placed in housing with supportive services and 175 households assisted with deposit-only assistance. We also provided on-going case management to 480 households (895 individuals).

Beginning a rapid rehousing program for families with children in October 2009. This program has helped 9 to 10 families move out of the shelter each week and assisted them with rent as well as relocation and stabilization services.

### Greatest Challenge

Each week we move clients from the shelter into housing. They are able to pick out furniture and bedding, but need help with other household items. We are always in need of household essentials to help these clients start their own homes.

### How you can help

Load up a laundry basket with items such as laundry soap, dishwashing soap, household cleanser, shower curtains, trash bags, paper towels, toilet paper, sponges, cooking utensils, can openers, and other common household items.

#### Success Story: Joe

Poor health and low income kept Joe in the men's shelter for almost a year. When he was able to move into a long-term housing in Grace Mary Manor, having a real place to live was such a relief to Joe that his blood pressure dropped and his other health issues became easier for him to manage.

With the help of caseworkers, he was approved for Social Security disability. Joe has done so well, he has been able to hold down a part-time job and is looking forward to getting a place of his own soon.
