THE ROAD HOME

The mission of The Road Home is to help people step out of homelessness and back into our community.

History

Originally established in 1923 to assist stranded travelers, The Road Home has grown to address a spectrum of needs encountered by people experiencing homelessness, including emergency assistance, shelter, case management and housing services.

Emergency shelter and supportive services are provided at our 24/7 resource centers; the Men's Resource Center, the Gail Miller Resource Center, and the Midvale Family Center, to help meet the needs of people in our community. In addition, The Road Home has developed a comprehensive housing program with case managers focused on helping people find, obtain, and remain stably housed.

The Road Home continues to find new innovative housing solutions for people experiencing homelessness. We operate three resource centers and three permanent supportive housing facilities. We also operate the Vulnerable Populations motel which provides emergency shelter for older adults and people with significant health conditions in a non-congregate setting.

Highlights July 1, 2021—December 31, 2021

- A full **2,177 people** have been supported to move into or remain stable in housing.
- They **have been provided 142,220 nights** of shelter.
- **133 Veteran households** were helped in housing.
- We are grateful to have provided **141% more housing nights** than shelter nights through December 2021.
- Provided shelter to **606 children**.
- **3,038 people** received emergency shelter services.

Success:

Successes like helping Karen and Paul Jones* both served in the military and were profoundly affected by their experiences. This led to bouts of on-and-off homelessness for several years. Over a period of a few months, The Road Home team members guided them to navigate qualifying services through the Veteran Administration system, find housing, and move into a place that they now call home.
