### **Instructions to Bidders**

#### 1. Defined Terms

Terms used in these Instructions to Bidders which are defined in the Standard General Conditions of the Construction Contract, 1910-8-A-1 or 1910-8-A-2 (2007 edition) have the meanings assigned to them in the General Conditions. The term "Bidder" means one who submits a Bid directly to Owner, as distinct from a sub-bidder, who submits a bid to a Bidder. The term "Successful Bidder" means the lowest responsive, qualified and responsible Bidder to whom TRH (on the basis of TRH's evaluation as hereinafter provided) makes an award. The term "Bidding Documents" includes the Advertisement of Invitation to Bid, Instructions to Bidders, the Bid Form, and proposed Contract Documents (including all Exhibits and Addenda issued prior to receipt of bids).

#### 2. Bidding Documents

Complete sets of Bidding Documents are contained within this document. Complete sets of Bidding Documents shall be used in preparing bids; TRH does not assume any responsibility for errors or misinterpretations resulting from the use of incomplete sets of Bidding Documents.

#### 3. Qualifications of Bidders

To demonstrate qualifications to perform the Work, each Bidder must submit evidence of Bidder's qualification to do business in the state where the Project is located or covenant to obtain such qualification prior to award of the contract. This can be demonstrated through licensure and insurance.

#### 4. Examination of Contract Documents and Site

Vendor is invited to attend a Pre-Bid project site visit held at the project site. It is the responsibility of each Bidder before submitting a Bid to (a) examine the Contract Documents thoroughly; (b) visit the site to become familiar with local conditions that may affect cost, progress, performance, or furnishing of the Work; (c) consider federal, state, and local laws and regulations that may affect cost, progress, performance, or furnishing of the Work; (d) study and carefully correlate Bidder's observations with the Contract Documents; and (e) notify TRH of all conflicts, errors, or discrepancies in the Contract Documents. The project site may only be visited during the Pre-Bid Project Site Visit Meeting or at a time coordinated and arranged with TRH.

Before submitting a Bid, each Bidder will, at Bidder's own expense, make or obtain such examinations, tests, and data concerning conditions at the site which may affect cost, progress, performance, and furnishing of the Work and which Bidder determines necessary to determine its Bid for performing and furnishing of the Work in accordance with the time, price, and other terms and conditions of the Contract Documents.

The submission of a Bid will constitute an incontrovertible representation by Bidder that Bidder has complied with every requirement of this Article 4, that without exception the Bid is premised upon performing and furnishing the Work required by Contract Documents, and such means, methods, techniques, sequences, or procedures or construction as may be indicated in or required by the Contract Documents, and that the Contract Documents are sufficient in scope and detail to indicate and convey understanding of all terms and conditions for performance of the work.

#### 5. Interpretations and Addenda

All questions about the meaning or intent of the Contract Documents should be directed to [grantsteam@theroadhome.org](mailto:grantsteam@theroadhome.org). Interpretations or clarifications considered necessary in response to such questions will be issued by Addenda posted on The Road Home's Website.

#### 6. Contract Time

The number of days within which the Work is to be substantially completed and also completed and ready for final payment (the Contract Time) are set forth in the Bid Form and the Agreement.

#### 7. Substitute or "Or-Equal" Items

The Contract, if awarded, will be on the basis of materials and equipment specified in the Bid Form. Contractor may use substitute or "or-equal" items as they deem appropriate.

#### 8. Subcontractors, Suppliers, and Others

Each Bidder shall submit to TRH a list of all Subcontractors, Suppliers, and other persons and organizations proposed for those portions of the Work. If TRH after due investigation has reasonable objection to any proposed Subcontractor, Supplier, or other person or organization, TRH may before the Notice of Award is given request that the apparent Successful Bidder to submit an acceptable substitute, that Bidder's Bid price will be increased (or decreased) by the different in cost occasioned by such substitution and TRH may consider such price adjustment in evaluating Bids and making the contract award. Reasonable objections for this purpose are limited to federal debarment status, revocation or expiration of state licensure, or other regulatory or legal criteria that does not allow TRH to move forward per funding regulations.

If apparent Successful Bidder declines to make any such substitution, the contract shall not be awarded to such Bidder, but their declining to make any such substitution, TRH may award the contract to the next Bidder that proposes to use acceptable Subcontractors, Supplier, other person or organization listed to whom TRH does not make written objection prior to giving of the Notice of Award and will be deemed acceptable to TRH to revocation of such acceptance after the Effective Date of the Agreement. No Contractor shall be required to employ any Subcontractor, Supplier, or other person or organization against whom Contractor has reasonable objection.

## 9. Bid Form

The Bid Form is included with the Bidding Documents. Bidders may choose to use their own bidding form. Alternative bidding forms must contain all information contained in the attached Bid Form to be considered a qualified bid. All blanks on the Bid Form must be filled in ink, printer, or electronically. The Bid price of each item on the form must be stated in words and numerals; in case of a conflict, words will take precedence.

Bids must be signed by the appropriate individual given the legal structure of the Bidder. Bids must be priced on a lump sum basis for the base contract and include a separate price for each alternative described in the Specifications as provided for in the Bid Form. The price of the Bid for each alternative will be the amount to be added to or deducted from the price of the base Bid if TRH selects the alternative. The Bid price shall include such amounts as the Bidder deems proper for overhead and profit on account of cash allowances named in the Contract Documents.

## 10. Submission of Bids

All bids must be submitted electronically to [grantsteam@theroadhome.org](mailto:grantsteam@theroadhome.org). It is the sole responsibility of the Bidder to submit the Bid before the scheduled time. Any questions regarding how to submit a bid should be directed to [grantsteam@theroadhome.org](mailto:grantsteam@theroadhome.org).

## 11. Modification and Withdrawal of Bids

Bids may be modified or withdrawn by an appropriate document duly executed and delivered to the place where Bids are to be submitted at any time prior to the opening of Bids. If, within 24 hours after Bids are opened, any Bidder files a duly signed written notice with TRH and promptly thereafter demonstrates to the reasonable satisfaction of TRH that there was a material and substantial mistake in the preparation of his Bid, that Bidder may withdraw their Bid. Thereafter, that Bidder is disqualified from further bidding on the Work to be provided under the Contract Documents.

## 12. Selection Criteria

This project will be awarded based on the lowest responsive, qualified and reasonable bid.

## 13. Award of Contract

TRH reserves the right to reject any and all Bids, to waive any and all informalities not involving price, time or changes in the Work and to negotiate contract terms with the Successful Bidder, and the right to disregard all nonconforming, non-responsive, or conditional Bids. TRH reserves the right to reject the Bid of any Bidder if TRH believes that it would not be in the best interest of the project to make an award to that Bidder, whether because the Bid is not responsive or the Bidder is unqualified or of doubtful financial ability or fails to meet any other pertinent standard or criteria established by TRH. Discrepancies between the indicated sum of any column of figures and the correct sum thereof will be resolved in favor of the correct sum.

In evaluating Bids, TRH will consider the qualifications of the Bidders, whether or not the Bids comply with the prescribed requirements, and such alternates, unit prices, or other data, as may be requesting in the Bid Form or prior to the Notice of Award.

TRH may consider the qualifications and experience of Subcontractors, Suppliers, and other persons and organizations proposed for those portions of the Work as to which the identity of Subcontractors, Suppliers, and other persons or organizations is requested by TRH. TRH also may consider the operating costs, maintenance requirements, performance data and guarantees of major items of materials and equipment proposed for incorporation into the Work when such data is required to be submitted prior to the Notice of Award.

TRH may conduct such investigations as TRH deems necessary to assist in the evaluation of any Bid and to establish the responsibility, qualifications, and other persons or organizations to perform and furnish the Work in accordance with the Contract Documents to TRH's satisfaction within the prescribed time. If the contract is to be awarded, it will be awarded to the lowest responsive and responsible Bidder whose evaluation by TRH indicates to TRH that the award will be in the best interest of TRH.

#### 18. Signing of Agreement

When TRH gives a Notice of Award to the Successful Bidder, it will be accompanied by an unsigned counterpart of the Agreement and all other Contract Documents. Within ten days Contractor shall deliver the signed counterparts of the Agreement, a copy of Contractor's Accord Certificate of Insurance, building permit and Contract Documents to TRH.
